

## Lords of Depravity

Sodom

Awaking when the sky turns red  
Spilling blood upon my face  
The evil takes control  
I'll follow your advice  
Now I'll rape  
I'll slash  
I'll dominate  
I will degrade  
The silent calls of solitude  
Believe me that I just want you  
When I feel you deep inside  
Waiting for decline  
Now I'll pray  
I'll love  
I'll disappear  
I will demand  
You! Outside the truth  
Open your veins  
Try to seduce  
Passion can't wait  
Kiss of decay  
You will see  
Lords of Depravity  
Without a doubt I find refuge  
Anomalie or is it you  
Exploring pleasures of my sin  
Your death is all I see  
Now I'll hate  
I'll die  
I will revile  
I will reborn  
You! Outside the truth  
Open your veins  
Try to seduce  
Passion can't wait  
Kiss of decay  
You will see  
Lords of Depravity
