

Tarred and Feathered

Sodom

Source and seed of misanthropy
Is the age of inquisition
Where kings and queens got the power
To lay down immoral religions
Pursuit of innocent flesh
Shredding of their blood
Plundering and robbing
A thousand natural lusts

Hypnotised by the smell of death
Stiff walking to the stake
Amusement, tar and feathers
You are gonna lose your faith
Delivered from the hell's great fear
Spirits lost in gloom
Seek them in their dread abode

Tarred and feathered

Beautiful red-haired ladies
They got put in the pillory
Skinned alive or stoned to death
Broken on the wheel
Sanguinary with arms across
The king watched the scenery
Exorcised and quartered
In the shambles of sin

Hypnotised by the smell of death
Stiff walking to the stake
Amusement, tar and feathers
You are gonna lose your faith
Delivered from the hell's great fear
Spirits lost in gloom
Seek them in their dread abode
