Sodom

Water boarding  
Hydrophobia  
Water boarding  
Breaking my resistance

Perfidious hands that captured me  
Thanatophoric and brutish  
Conducted me to my perdition  
My countenance to banish

Which hell will be my habitat?  
Anticipate the worst  
For whom i battled disbelievers?  
My prayers passed unheard

Constant dripping around my face  
Like a bracing summer rain  
Seduced me while i fell asleep  
Embezzled all the pain

Water boarding  
Hydrophobia  
Water boarding  
Breaking my resistance

Beclouded eyes that scream for sight  
Swirling lungs that wheezed for air  
Necrotic swallowing reflex  
Call me to my very end

I will die like a desert-rose  
I've stared the face of moon  
The death is counting faded flowers  
Deactivated rules

I saw my life in a reflection  
Of the prideful man i used to be  
I'm yielding to my godless fate  
And nitrogen runs through my veins

Water boarding  
Hydrophobia  
Water boarding  
Breaking my resistance

Let me out of here...

Which hell will be my habitat?  
Anticipate the worst  
For whom i battled disbelievers?  
My prayers passed unheard

Water boarding  
Hydrophobia  
Water boarding  
Breaking my resistance

Water boarding  
Hydrophobia  
Water boarding  
Breaking my resistance
