Soft Cell

Fr.fr... fr... frustration!  
Frustration  
Frustration

I have life  
Ordinary wife  
I have car  
A favourite bar  
I have job  
A moderate wage  
I get the pains  
That come with age

I am so ordinary

I have child  
She goes wild  
I have home  
A mortgage of my own  
I have hobby  
But it's nothing very special  
I do the garden  
I watch girls

I am so ordinary

I have life  
I have cage  
I'm going bald  
I want to tell the world  
I've done nothing  
I've achieved nothing  
I work for a firm  
But I want to burn it down, down

I am so ordinary  
I am so ordinary

I was born  
One day I'll die  
There was something in between  
I, I don't know what  
Or why  
I'm a man  
I want to break a rule  
I am a no, no, no, no, no, no, nobody  
Everybody's fool  
I am so ordinary

Frustration (4x)  
I'm so tired of endless art  
Love stories  
I'm beginning to not give a damn  
I wish I could reach right out for the untouchable  
Film starring Bruce, John Wayne, Elvis Presley  
Experiment with cocaine, LSD and set a bad bad example  
Live a little, run a harem, be a tiger

Meet Bo Derek and be her Tarzan  
Reach, reach out out  
Live, live, live  
Die, die, die  
I, I, I, I wanna die...

Frustration, oh  
Frustration (3x)  
I wanna die  
I wanna die, die, die, die  
die, die, d.d.d.die, die, die  
Frustration  
I wanna die
