## **Tears Run Rings**

**Soft Cell** 

On heavenly rain You fell into my life Unforgettable smile Unforgettable lies

In the name of the cross Or a banner of love With the hand of a friend Or under a blanket of trust

The angels sighed A little girl cried The tears run rings Around my eyes

We're going to set fire To the house in my heart We're going to set fire To the whole damn world

I don't understand
The wicked things we do
In the name of the good
In the name of the few

The angels sighed
The little girl cried
The tears run rings
Around my eyes

The angels sighed
The little girl cried
The tears run rings
Around my eyes

Don't look at me
With your innocent smile
When the bed is burning
Around my head

When a war breaks out It'll be no surprise Your unforgettable smile Your unforgettable lies

And I've got to stop running To make my start We've got to get together Before we fall apart

They're pulling down the old slums To build the new They're bringing back the old rules To please the few

In the name of the cross
Or a banner of love

With the hand of a friend Or under a blanket of trust

The angels sighed A little girl cried The tears run rings Around my eyes

The angels sighed A little girl cried The tears run rings Around my eyes

The angels sighed A little girl cried The tears run rings Around my eyes

The angels sighed A little girl cried The tears run rings Around my eyes

Pull down the old slums To build the new Pull down the love I built with you

Promise of tomorrow You never kept And you try to burn the house down When I slept

The nation's in disorder There's chaos in my heart We've got to get together Before we fall apart

Before we fall apart Before we fall apart Before we fall apart Before we fall apart
