SOHN

Harbour,  
Harbour,  
Let me into your arms  
Open,  
Open,  
Your heart to wonder now  
Wake me,  
Wake me ,  
And I'll be dawning sun  
Harbour,  
Harbour,  
Save me from the open sea

And I tell you now  
This man won't let you down  
And I tell you now  
If you meet me halfway out  
Hope I will never drown  
I will never drown
