

Signal

Wave across the water for me

Let me know

That you'll be waiting ever for me

Oh, I've been traveling

Waiting for a moment of peace

These stormy weathers

Have got me thinking of how I want it to be

(Be, be, want it to, want it to be)

(Be, want it to be)

Signal

Light a thousand fires under me

Give me no doubt

That I'm the one who never has to leave

Oh, I've been divided

Time and time again you keep the peace

Give me shelter

Let me be the man I wanted to be

(Be, be, wanted to, wanted to be)

(Be, wanted to be)

(Be, be, wanted to, wanted to be)

(Be, wanted to, wanted to be)

(Be, wanted to, wanted to be)

(Be, wanted to be)

(Be, wanted to, wanted to be)

(Be, wanted to, wanted to be)

(Be, wanted to, wanted to be)

(Be)
