

# The Prestige

SOHN

I've been found out  
I've been found since we last met  
The in is the out now  
The in is the out so no more regrets

Of all of the lies  
Just one disguise has fit  
And this is it  
And if you don't believe  
Roll up the sleeves to see  
No tricks and no deceit  
This is the closest thing  
To me

The prestige awaits  
The giving and taking of vowels sounds  
And under the smoke cloud  
There are no defences allowed

Of all of the lies  
Just one disguise has fit  
And this is it  
And if you don't believe  
Roll up the sleeves to see  
No tricks and no deceit  
This is the closest thing  
To me
