

## Last Wish

SOiL

i spend my last days  
withering away  
don't want to end like this

will you be my savior  
and do this favor  
i don't want to win like this

will you just help me now

this is my last wish  
let me go on to the end  
can you place to rest  
this is my last wish

today is a good day  
go out my own way  
do you understand

let me keep my honor  
at this late hour  
do you understand

will you just help me now

this is my last wish  
let me go on to the end  
can you place to rest  
this is my last wish

i leave to you  
i lay my last wish onto you

i leave it all to you  
i leave it all to you

this is my last wish  
let me go on to the end  
can you place to rest  
this is my last wish

this is my last wish  
(this is my last wish)  
let me go on to the end  
can you place to rest  
this is my last wish
