

# One Love

SOiL

You, you're who I thought you'd be  
And you, you're the time that crushes me  
And you, you're the heartache, the heartbreak, the misery  
And you, shouldn't have meant shit to me  
You are, you're my misery

You said, one love  
One love, your way  
Beaten, broken, battered, your way  
You said, one love  
One love, your way  
I'm beaten, I'm broken  
You got the better part of me  
Now you're the death of me

Hey, hey you, I said hey  
What was that you used to say  
Unconditional, forever  
Words that you shattered  
When you, keep pushing me  
You are, you're my misery

You said, one love  
One love, your way  
Beaten, broken, battered, your way  
You said, one love  
One love, your way  
I'm beaten, I'm broken  
You got the better part of me  
Now you're the death of me

My way, my way  
One love, my way  
One love, one love  
My way, my way  
Hell inside of me, distort what you see  
Picasso heart your word is shit  
Confusion, inside of you  
With clinched fist, you swing and hit  
One love, one love  
My way, my way  
We were meant to be, distort what you see  
Picasso heart your love is bent  
Confusion, inside of me  
With a crazy heart, I crave your kiss  
One love, one love  
My way, my way  
One love, one love  
My way, my way

One love, one love  
My way, my way
