

Let This River Flow

Soilwork

Once I lost it
It took hold of me
Once again
Lost and left to see
What was there
Wouldn't let me be
Spoiled with misery
Spoiled with energy

Let me be that one
Who will rise and return from sleep
Give me strength to run
Become one with the remedy

No regrets, no compromise
Story will be told
Won't reject the cure this time
Let this river flow...

As the river
Meets the sea
That's when the ghost
Becomes my belief
Will it wash up?
Serve in need?
Bring the harvest
Without greed...

Bring the harvest, without greed...
Bring the harvest, let me feel...
One for the core, one for the mind
One by one, make me run

Let me be that one
Who will rise and return from sleep
Give me strength to run
Become one with the remedy

No regrets, no compromise
Story will be told
Won't reject the cure this time
Let this river flow...

I will rise up
I will rise up
I will rise up once again

I will rise, I will rise again...

So clear to me yesterday
So clear once for all
It was there almost watching me
Became one with the fall

What if the best of me
Will say that I won't recall
If those empty witnesses

Won't say nothing at all

No regrets, no compromise

Story will be told

Won't reject the cure this time

Let this river flow...
