

# Mercury Shadow

Soilwork

Breakdown of a shadow unknown  
Tomorrow belongs to no one  
As I repent the things I've done  
There is a freeway heading for sorrow

Breakdown 'cause you've had enough  
You've never felt so strong  
Steal away, steal away, let it all astray  
It's been so long

We know how to spit or swallow  
Bring out the mercury shadow

There comes a time  
With a feast on what used to be mine  
Sent from the front to the back  
All in numbers and hellish black

There comes a time  
With a feast on what used to be mine  
Sent from the front to the back  
All in numbers and hellish black

We know how to spit or swallow  
Bring out the mercury shadow

Is this the statement that I feel?  
Accused to be an unbeliever

Hit the lights and won't you please resign  
Way down and right on time

Is this the statement that I feel?  
Accused to be an unbeliever

Won't you shut all the doors in mind  
The ones you cannot find  
There is no way that I can see  
Why you keep on haunting me

We know how to spit or swallow  
Bring out the mercury shadow

We know how to spit or swallow  
Bring out the mercury shadow

We know how to spit or swallow  
Bring out the mercury shadow
