6 O'clock Blues

If my house flowed down in the river If all of these walls tumble down in the storm If this war took all of my money All of my pride But I'd never be poor

As long as we got each other There's nothing in the world that can steal my joy Yeah, As long as we got each other We can overcome the badness of the world

Cause people don't make the world go round like they used to But I know if I got one thing Baby I know got you Yeah, you keep me sheltered through the six o'clock blues And if I know one things going to be alright Then I know that it's me and you (oh, oh)

So they say we're running out of time We're running out of water We're running out of light We all got to many problems And just not enough answers But if we keep our own lives then they'll tell us what we like

As long as we got each other There's nothing in the world that can steal my joy Yeah, As long as we got each other We can overcome the badness of the world

They can sell me a story And tell me we're in danger But our love will never die

Cause people don't make the world go round like they used to But I know if I got one thing Baby I know got you You keep me sheltered through the six o'clock blues Yeah, you keep me sheltered Through the six o'clock Yeah you keep me sheltered, sheltered, sheltered, sheltered Baby if I know one thing It's going to be all right I know that I got my baby Like the birds that live in the sky We never have to worry Cause somehow we'll get by Solange
