

# This Could Be Love

Solange

You like me, you're frightening,  
You're always, exciting,  
The timing, has got me, this could be love!  
It's crazy, amazing,  
Embracing, it takes me,  
'Till I'm free, baby, this could be love!

Oh, I cannot sleep at night,  
Dream of you all day,  
Love is such a crazy thing that's smelled like in the spring,  
Oh yeah, you made me feel, yeah, ooh...

You don't have to run no race my feelings' in me come to you  
No one's got some' on me, when you're present here I know it's true,  
Because no one can make me feel like you do,  
So special to me, unique, baby!
