

I Don't Wanna Wait

Soldiers of Jah Army

I don't wanna wait
I don't wanna wait wait
I don't wanna wait yeah
I don't wanna wait

They say way back when knew how
But there's nothing telling you now
Just to do your right and not your wrong
When wrong is easy and right is hard
And we've all got our weaknesses
And only you know what yours is
But your tomorrows all that seems to escape from your lips

But I don't wanna wait, today
For something that might never ever show it's face
I can't
I promise that I've heard to much already
To me it seems ridiculous to trust in all of your games, your play
There's one night, one world, one chance.

And I don't wanna wait
I don't wanna wait.

Moving forward to right now
A government that let you down
A racist leader no one trusted
An army that's bigger than us
And a poverty on a global scale
A fragile world with fragile air and
Fragile water I'm sure they'll put off til tomorrow

But I don't wanna wait, today
For something that might never ever show it's face
I can't
I promise that I've heard to much already
To me it seems ridiculous to trust in all of your games, your play
There's one night, one world, one chance.

And I don't wanna wait
I don't wanna wait
I don't wanna wait for you and your games now
No, I don't no whoa no, I just can't wait
I just can't

I'm skipping forward to the ending
To that point or two impeding to that moment
That all that stops that one day when that bottom drops
And we remember our voices had a chance
Yea we had our choice but time is a luxury
We as a people we might no longer afford

But I don't wanna wait, today
For something that might never ever show it's face
I can't - I promise that I've heard to much already
To me it seems ridiculous to trust in all of your games, your play
There's one night, one world, one chance

And I don't wanna wait... I don't wanna wait
There's not enough of time so I don't wanna wait
You know I've got a lot on my mind so I can't wait
Have to reach the end of the line so I don't wanna wait
No I'm not fine don't wanna wait, it's not for me
