

## Used To Matter

Soldiers of Jah Army

See, these days its different,  
Its' all new. The old is gone and I am too.  
Wishing I was closer to  
back when it used to matter  
All my coins are gone,  
its plastic now  
My Ipod's got me asking "how could all my allows take  
me down  
To back when it used to matter?"

Now it seems that we are all wrapped up so tight,  
light just cant get in  
And i fell that we cant see  
And i fell, its not "maybe"

See, my watch is worthless,  
So is my pen  
And it seems nothing is  
greater than  
Something that takes me way back when, to back when it  
used to matter

All the words I write are on a screen,  
And the friends I have have "added" me  
And theres no record of anything,  
And now we all cease  
To matter

So you die when you turn 22  
but they gonna wait to bury you  
cuz you got a 9 to 5 to do  
And thats supposed to matter  
So you replace your time  
in between  
With other peoples'  
hopes and dreams  
And they live their lives on  
your TV

And now you dont even matter  
I just want us to be who were supposed to be  
Doesnt it seem like were kinda  
far from the orginal plan  
From the start back  
when it used to matter
