My apartment works fine
No need for locations
It's spacious enough for a camera and some Asians.

At the moment I am working on the Eastern Block
I bet my ladies would love a Serbo cock.

Before shooting the sessions we chill out with a joint
Pump the girls with drugs to make them see the point.

In bonking lousy guys in my stinking cellar
Baby close your eyes if you want your \$.

I write the story
I shoot the scene
Sometimes you see me dance across the screen
My critics claim that my movies are for men
What can I say I'm astonished when

People understand what I am trying to say
To show the world the American Way (2x)
