Red View

Solefald

Burn the edges of your thoughts
-feel the air beneath
Burn the edges of your thoughts
-feel the air beneath

Witness the cosmic dance From a red view

Burn the edges of your thoughts -devastating fire
Burn the edges of your thoughts -devastating fire

Pieces of a paradise never created Floating on the tide of the human mind Washing the shores of the microcosmos Guiding hordes of men Towards the sick and the blind

-red view-

Ascend, descend - the order of chaos Stay safe in the eye of the Renaissance tornado

See the universe unite
And yourself become its key,
And a sense of correlation
Your opportunity
