

Solex Feels Lucky

Solex

And I think once about you, like I should, and
I feel so lucky too. like you, I don't feel at
Ease so easily. it's so easy to walk on, ...and
Put up the collar of my jacket. the more i
Show, the more I go. we're both anxious to
Say hello. just put every story between
Brackets. so I turn my back and scrunch up
Into an awkward position too, somewhat
Unnatural too. well I really wish we felt closer
To each other too. I thank you for having me
Around but wouldn't it be better if we just
Wrote, and make up some kind of anecdote
To make up for each one I forgot.
