

## How Can We Survive

Solid Base

Crying I never wanted you to go away  
Leaving me alone  
Trying to see what happened, what meant to be  
But I can't live without you

Baby, why did you have to be you baby  
It's so unfair to me, I need you  
I can't believe that you are gone  
Because you didn't want  
How can we survive is what you want  
What can we do to make it better  
What will our children born want to be  
Can someone tell me

One day what kind of people  
Leaving me to die  
Something has happened to this world  
And I don't want a part of it baby

I ain't tripping cause I got a mind on my own  
Thinking 'bout the youngsters that ain't yet to be born  
What world do we had to leave behind  
With these drugs, violence, society going blind
