

Set Me Free

Solid Base

Queen over the ocean
I couldn't make it on my own
I will be open
I carried all of this inside

Never like you forgiven to all I can see
When I look in the mirror set me free
When I give you my ocean
I gave you my life

Chorus:

Set me free
You are the only
Set me free
I believe in your love
Set me free
I'll never be lonely
Your love has got my soul

Set me free
You are the only I know
That you are the one
Set me free
I'll never be lonely set me free

Be there I will know you
Cause you are the only one for me
Now playing with fever
I couldn't make it on my own

You will be nothing but emotion
But now I believe
Calling love in devotion
Set me free
And I give you my ocean
You're all I can see

Chorus

Set me free
Your love has got my soul
