

Sunny Holiday

Solid Base

Everybody hand in hand on the way to wonderland.
We will go far away on a sunny holiday.
Everybody hand in hand come and join the caravan.
We will go far away on a sunny holiday.

Sunny holiday oh ha ah together all the time
Sunny holiday oh ha ah everybody is having fun
Sunny holiday oh ha ah everything is feeling fine
Sunny holiday oh ha ah come join us in the sun

Keep jammin to the groove solid
Base comming at ya summertime flava
Gonna make you feel better give give me
The give me the fat beat the party's pumpin
Let me move your feet come on dance
Have fun feel the holiday spirit I do have
The rhythm let me see you get with it right
Time to be feeling okey put your arms in
The air and let me hear you say

No matter where you go you can feel
The flava from the rhymes and the rhythm
And the boogie that I gave ya Preach
Sensation like a missionary man I came
To rock a party don't you understand aah
Take cover from my lyrical shower or get
Down baby feel the power holiday time to
Feel okey put your arms in the air and let
Me hear you say

It's a wonderful wonderful wonderful day
Everything feels so fine
It's a beautiful time
It's a wonderful wonderful wonderful day
Everything feels so fine
It's a beautiful time
