

U Won't Forget Me

Solid Base

Fly girl, I knew you from a magazine
You got my top spot when you glanced at me
I think my brain was on fire a volcano in heat
My teeth were swimming in water
My tounge was six-feet-deep
Page 1: I knew ya, I knew I wanna move ya
Page 2: I gotcha, my skills are comin' atcha
Page 3: I explode, a mental overload
Page 4: You whisper in my ear once more:
{ You won't forget me,
When you hear me in your heart
You won't forget me, no no
So just protect me,
And you tell it to my heart
Just don't forget me, no no
You won't forget me from the start,
You won't forget me in your heart,
Just don't forget; 'cause I need it
You won't forget me from the start,
You won't forget me in your heart,
Just don't forget; 'cause I need it
Na-na-na-na na-na-na (etc.) }
You won't forget me!
You flow like a river through my fantasy,
I'm goin downstream baby, and I'm takin you with me
All good I'm the captain and I'm cruisin yer waters
My ship is rigged like the Titanic; goin' down is an order
Rock bottom, I'm down but I want some more
My supermodel joyride take me back to shore
And as I come to my senses from my fantasy ball,
In the back of my mind, I hear my model call.
You won't forget me!
