

# To Love Once Again

Solid Harmonie

Remember when we said goodbye  
To give each other time  
We said that we should live apart  
Only for a while  
Now it feels like it's all I waited for  
To love once again, I'd do  
Anything, oh yeah  
But I know that we can make it  
Last forever  
I may be lost  
I may be blind but I am not a child  
I know that we can make it  
Right if only for a while  
It's not that easy please believe me  
I don't wanna let you go  
To love once again, I'd do  
Anything, oh yeah  
But I know that we can make it  
Last forever  
I may be lost  
To love once again I'd do  
Anything, oh yeah  
And I hope the time will come,  
When we will find peace of mind  
Now I'm waiting for a sign that  
Leads me closer to love again  
To love once again  
To love once again, I'd do  
Anything, oh yeah  
But I know that we can make it  
Last forever  
I may be lost  
(2x)  
To love once again, I'd do  
Anything, oh yeah  
And I hope the time will come,  
When we will find peace of mind
