

## Pale Rider

Sólstafir

No I don\'t know where to go  
No I don\'t know how to show  
I just don\'t know it

I have made my final journey  
I have made my peace for my own death  
Tonight I\'m all right through it

If you meet me at the war tonight  
I\'ll show you I\'ll have death by my side  
Golden dawn shall come upon you all  
Come taste the venom it\'ll bleed from my eyes

One of us shall surely die tonight  
I don\'t care, no I just don\'t care  
Either way I die tonight  
So I don\'t care  
No I just don\'t care
