

Oregon Girl

Someone Still Loves You Boris Yeltsin

Oregon girl ive been around the world but ive never seen anothe
r Oregon girl.
Oregon girl with your lips and curls I want a taste of that Ore
gon girl
There's a mountain
There's a time to
They were put up there to keep us apart
So I watch you making plans and I make plans
You could kick a drum but
You just try to stop me now from movin' on with an Oregon girl
HEY! Wait for me another year or two I will graduate and marry
you
You roll the number and I'll buy the lumber
To build a house up on an Oregon hill
There's a mountain
There's a time to
They were put up there to keep us apart
So I watch you making plans and I make plans
You could grow a thumb
But you just try to stop me now
From movin?'on with an Oregon girl
