

So the start is my seed, at 3700 feet  
Forwards, backwards and underneath  
Your last word turns like a cyclone just outside my window  
Your good advice I'll tie around my ankle  
Had to go, had to take off and hide myself from everyone  
So their reasons won't become my reasons  
'Cos they're talking, they're talking, talking again

In a chain reaction  
Like a slow wave crashing  
To come and change everything  
And wash me away

So make way for some chaos  
A ripple on the surface sends me secrets and I keep them  
Like in a recurring dream  
Of Max Plank and you running rings around me  
But you can't solve me  
But you're trying, you're trying, trying again

In a chain reaction  
Like a slow wave crashing  
To come and change everything  
And wash me away

We'll stumble in the dark  
we'll stumble in the dark  
And this is how it starts  
This is how it starts, starts  
You carry your escape everywhere  
Just in case you find yourself there  
Find yourself there

In in a chain reaction  
Like a slow wave crashing  
To come and change everything  
And wash me away  
Wash me away
