

# Bang, Bang, Bang

## Something With Numbers

You're the one that made the choice  
I'm the flag and you're the hoist  
Holding me back from reaching the sky

I'm the one who said let's try  
You're the fuel and I'm the fire  
You're burnt out but you still wonder why

I'm the one who let you in  
You're the tonic I'm the gin  
You filled the void but now I'm on the rocks

I'm the one who made it fun  
You're the bullet I'm the gun  
Bang bang bang it's over just like that

I'll never love you the way I loved you  
I'll never love you again

You're the one that didn't care  
I'm the tortoise you're the hare  
Slow and steady wins the race again

I'm the one who made it fun  
You're the bullet I'm the gun  
Bang bang bang it's over just like that

I'll never love you the way I loved you  
I'll never love you again
