Hush now baby don't say a word,
'cause I'ma buy you everything you want in the world.
That don't matter as long as you're my girl,
'cause the love we share is better than
the rubies and the pearls.

Ohhh, nana nana no.
Nana nana no.

What you want diamond rings and fancy cars.
I've got everything you need and more.
V.I.P to the club all night,
or we can stay in and watch a movie alright.
What you want classic clothes, designer bags,
