

# Touch The Sky

SoMo

Girl I'm not a shy guy  
But you got me feeling like I might die  
And if I say the wrong words  
That I've never said to a woman in my life, then I might lie  
'Cause I ain't never had these butterflies  
The way you make me feel I'm up, I feel so high  
The way I'm coming down, make me so alive,  
That I might just touch the sky, just touch the sky

Oh yeah just touch the sky  
Whoa yeah, just touch the sky  
Woah, woah woah woah, just touch the sky  
Whoa yeah, haha yeah  
Whoa yeah, haha yeah  
Woah woah woah woah yeah yeah yeah

Girl you are double 5, times 2 that's 10  
And riding round with me is an instant win  
I'm getting cocky or maybe confident  
But when I'm with you I'm like a 100%  
You got me, you got me, you got me feeling so fly  
And when I'm with you I'm like a different guy  
You got me, you got me, you got me ridin so high  
Ridin so high I can just touch the sky  
Just touch the sky, just touch the sky  
Just touch the sky, just touch the sky

Oh yeah just touch the sky  
Whoa yeah, just touch the sky  
Woah, woah woah I know you like that  
Yeah yeah yeah yeah  
Woah woah woah woah yeah yeah yeah  
Woah woah woah woah yeah yeah yeah

You make me wanna touch the sky  
You make me wanna wanna touch the sky

Girl you got it and I know  
That I want it for sure  
So baby just hop in and let's roll  
And maybe we can fly and just touch the sky  
And just touch the sky, just touch the sky  
Just touch the sky, just touch the sky  
Oh yeah just touch the sky, oh yeah just touch the sky
