

# We Can Make Love

SoMo

I can be tender, I can be rough  
I can do anything you care for  
Everything above  
Baby, let me rock your body, ride your body  
Kiss your favorite spot

Tie your hands behind your back  
Feel my fingertips above your shoulders  
You like it when I drive it, yeah, I push the clutch  
I just want it all, but no rush

So we can make love  
Or we can just fuck  
We can get romantic, dirty dancing  
Feel my hands until the sun comes up

We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can just fuck  
We can, we can just fuck

You love when I'm sweet babe  
I love when you bite  
You love it when I cover up your eyes for a minute  
But only some nights

I love when you ask me  
To tickle your back  
You love when I reach up underneath  
And grab between your thighs like that

Baby, let me rock your body, ride your body  
Kiss your favorite spot  
You're screaming out my name, you don't have to tell me stop  
The way your body is moving like a bubble 'bout to pop  
I just want it all so don't stop

And we can make love  
Or we can just fuck  
We can get romantic, dirty dancing  
Feel my hands until the sun comes up

We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can just fuck  
We can, we can just fuck  
Just ride it out

We can make love

We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can just fuck  
We can, we can just fuck

And we can make love  
Or we can just fuck  
We can get romantic, dirty dancing  
Feel my hands until the sun comes up

Baby, let me rock your body, ride your body  
Kiss your favorite spot  
Tie your hands behind your back  
Feel my fingertips above your shoulders  
You like it when I drive it, yeah, I push the clutch  
I just want it all, but no rush

We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can make love  
We can, we can just fuck  
We can just fuck  
We can, we can just fuck

Oh No [x3]  
No no

Just ride it out [x2]

Ride it out, I swear  
Take your clothes off and leave them right there  
Tell me you love me even if you don't  
I wanna make love tonight, I don't care yeah  
Just ride it out {Just ride it out}  
Just ride it out, ride it out
