

No Crimes

Son Lux

Your brand new history

Forget, forget, forget, forget

Light of four dawns come
Light of four dawns come
In the ghostly embrace
Make out a face
When the four dawns come

Whatever you come

Forget, forget, forget, forget

Light of four dawns come
Light of four dawns come
In the ghostly embrace
Make out a face
When the four dawns come

All you ever wanted
All you ever need
Your brand new history
