Stand

Son Lux

You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies

You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies

You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies

You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies You stand between me and all my enemies

You stand between me and all my enemies
