The Wind Beneath My Wings

Sonata Arctica

It must have been cold there in my shadow To never have sunlight in your face And you can content to let me shine You always walked a step behind.

I was the one with all the glory While you were the one with all the strength Only a face without a name I never once heard you complain.

Did you ever know that you're my hero And everything I would like to be I can fly higher than an eagle Cause you are the wind beneath my wings.

It might have appeared to go unnoticed but I've got it all here in my heart I want you to know, I know the truth, yes i do I would be nothing without you.

Did you ever know that you're my hero And everything I would like to be I can fly higher than an eagle Cause you are the wind beneath my wings.

Did you ever know that you're my hero And everything I would like to be I can fly higher than an eagle Cause you are the wind beneath my wings.

Did you ever know that you're my hero And everything I would like to be I can fly higher than an eagle Cause you are the wind beneath my wings.

Cause you are the wind beneath my wings. Cause you are the wind beneath my wings. Cause you are the wind beneath my wings.
