

## John Henry Split My Heart

Songs: Ohia

I stood on the 66 Hwy  
Wysteria, Magnolia beside the green line track  
Said "Don't Come Back"  
I found myself standing on the mountain  
Beneath my full moon heart  
John Henry split this heart split this full moon heart  
Swing the heaviest hammer you got  
Hit this one out of the park  
He says boy what you going to do  
With your heart in two  
If its good enough  
But only if its good enough  
Half I'm going to use  
To pay this band  
Half I'm saving because I'm going to owe them
