

Mighty Like Love Mighty Like Sorrow

Songs: Ohia

A stray star yielding on her back
As much as she can
It is so hard
It is so hard
A stray star yielding on her back
Do not leave me
Do not leave me
It is dull hot hours
It is hurting like the winter
Stars do spangle the sky here
And the moon is burning between us
And the moon is burning between us
And it is so hard
And it is so hard
The weight of the distance comes down between us
Mighty like love and mighty like sorrow
