

Reggae (new Albion Or All Pass)

Songs: Ohia

At night, you can taste the
sulphur and the red rail light
hear the rails plotting their future paths
on a prior night
come early my future
without delay, i hear whistles saying
We're New Albion bound(x3)
Some nights, you can't taste the
sulphur or the red rail light
hear no rails plotting
their future paths on a the prior night
come early my future
without delay, i hear whistles saying
we're New Albion bound(x3)
