

## Reggae (new Albion Or All Pass)

Songs: Ohia

At night, you can taste the  
sulpher and the red rail light  
hear the rails plotting their future paths  
on a prior night  
come early my future  
without delay, i hear whistles saying  
We're New Albion bound(x3)  
Some nights, you can't taste the  
sulpher or the red rail light  
hear no rails plotting  
their future paths on a the prior night  
come early my future  
without delay, i hear whistles saying  
we're New Albion bound(x3)
