

## Ruby Eyes In The Fog

Songs: Ohia

I have the courage to say I am confused (2x)  
why you would build all of that up to tolerate  
whatever will transpire in that place  
and I have the courage to say it is  
like separation, a disease you should back away

how it lived so long (2x)  
and I vow well enough to serve them well  
though they produce invisible consequence  
you can believe the regular way of words  
their smallness and their trembling

they are small they are treacherous  
when they are smallest they are treacherous  
and I look straight through it like a line  
and I have the courage to repeat it  
but I respect it just enough not to repeat it (3x)
