

## The One Red Star

Songs: Ohia

Blue news in the heart  
You are the one red sister star  
You are the flash across the water  
One red sister star  
Black has marked the distance  
Black has marked out all the miles  
Across the world from you  
Across the world from you  
And I'm afraid right down the middle  
I am afraid right down the middle  
It is black it is yellow  
And it is black, Pittsburgh yellow  
Your soul the one red star  
Your soul the one red star  
I am the one red star sister star  
I am the one red star sister star
