

Whenever I Have Done A Thing In Flames

Songs: Ohia

In any house in the world there is background of flames
In any house in the world there is background of storms
And any house in the world a winter spent alone
Wherever I have done a thing for love it has ruined me
Rebuild the day out of flames
Rebuild the day out of the silence of that day
I'm going to choose, I will have to choose
Whenever I have done a thing in flames
Whenever I have done a thing in flames
It has saved me
