

## Whenever I Have Done A Thing In Flames

Songs: Ohia

In any house in the world there is background of flames  
In any house in the world there is background of storms  
And any house in the world a winter spent alone  
Wherever I have done a thing for love it has ruined me  
Rebuild the day out of flames  
Rebuild the day out of the silence of that day  
I'm going to choose, I will have to choose  
Whenever I have done a thing in flames  
Whenever I have done a thing in flames  
It has saved me
