

September To May

Sonic Boom Six

Walking down Oxford road,
It seems that nothings changed,
Why does it leave me cold,
Must be more than Manchester rain,
Great place to piss a loan away,
But god forbid you'd ever stay.

Come and go, come and go, come and go.
(Used to be a product of fun)
Come and go, come and go, come and go.
(We left that life behind)
Have you really changed so much since then,
Has it really been that long,
One minute you're here and then you're gone.

Oh when the locals claim,
Oh when they protest fun,
Second to graduate,
Join daddy's firm in London,
Last seasons look inside the halls,
Whats happening Che Guevara hanging from your wall,
Before Tall!
I guess those lies will just decide,
while you were dreaming of the money and sunny skies!

Come and go, come and go, come and go.
(Used to be a product of fun)
Come and go, come and go, come and go.
(We left that life behind)
I thought that we were gunna slice that system,
Sing along to their favourite song,
One minute you're here now you're gone.

Took a little time to find out,
Took a little time to find out.

Took a little time to find out,
Took a little time to find out.

REVOLUTION EVERY SEPTEMBER TO MAY
I GUESS THIS ISN'T HERE TO STAY!

SEE YOU

Come and go, come and go, come and go.
(Used to be a product of fun)
Come and go, come and go, come and go.
(We left that life behind)
Have i really changed so much since then,
Has it really been that long,
One minute you're here and now you're gone.
