

## Brother James

Sonic Youth

Take my hand he said to me  
Follow now or you'll be damned  
Let's go to the other side  
Let's go to the other side

Great father, give me the keys  
Great father, give me the keys

Brother james gave them to me  
Brother james gave them to me

I don't need 'em anymore  
Someone knockin' at my door  
I don't need 'em anymore  
Someone knockin' at my door

Take my hand you might as well  
We're going straight to hell  
I don't wanna hang around  
Watch'em stick your head in the ground
