

## 'Cross the Breeze

Sonic Youth

Let's go walking on the water  
Come all the way please  
I wanna know  
Should I stay or go?

No need to be scared  
Let's jump into the day  
I wanna know  
I think I oughta go

Close your eyes and make believe  
You can do whatever you please  
I wanna know  
I think I better go

Let's go walkin on water  
Now you think I'm Satan's daughter  
I wanna know  
Please let me go!

Just too quick  
Now I think I'm gonna be sick  
I wanna know  
Should I stay or go?

I'm trying for the future  
It's funny that way  
I wanna know  
I wanna know!

I took a look into the hate  
It made me feel very up to date  
I wanna know  
Should I stay or go?

Hold me tight, down on my knees  
So I don't go burning 'cross the breeze  
I wanna know  
I wanna know!

I wanna know  
Should I stay or go?

Burning 'cross the breeze  
Burning 'cross the breeze  
Blowing 'cross the breeze
