You think 'cause I'm a girl
You think you can't ignore
You think I'm just a girl
Girl, who knows the score

Black boys call me pantyhose
I go walking down the street
White boys call me sugar treat

I want to be free
It ain't on mtv

You know what's best for me
It's called astrology
You know what's bad for me

Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake
Shake don't shake

You vote what's best for me
