

I Don't Want To Push It

Sonic Youth

You gave your line
You fell in love
You feel the shadow
There's no more to borrow
There's no more to steal
And no more to feel
I know I know I know
I know I know I know
I know I know I know
You fell in line
You fell in jail
You feel in the shadow
To live in the light
To die in the night
I don't want to push it
I know I know I know
I know I know I know
I know I know I know
