

## I Don't Want To Push It

Sonic Youth

You gave your line  
You fell in love  
You feel the shadow  
There's no more to borrow  
There's no more to steal  
And no more to feel  
I know I know I know  
I know I know I know  
I know I know I know  
You fell in line  
You fell in jail  
You feel in the shadow  
To live in the light  
To die in the night  
I don't want to push it  
I know I know I know  
I know I know I know  
I know I know I know
