

# Is It My Body

Sonic Youth

What have I got  
That makes you want to love me  
Is it my body  
Or someone I might be  
Or something aside me  
Tell me  
Tell me  
It's really up to you  
Have you got the time to find out who I really am  
Oh - aw

What does it take  
To get inside your mind  
Give me your brain  
And take a change with my first time  
Tell me  
Tell me  
It's really up to you  
Have you got the time to find out who I really am  
Oooooooooohaaa

What have I got  
That makes you want to love me  
Is it my body  
Or someone I might be  
Or something aside me  
Tell me  
Tell me  
It's really up to you  
Have you got the time to find out who I really am  
Ooooooh - aaw  
Oh -aw - oh -aa - uh - aa - uh - ah - u - uh
