

Karen Koltrane

Sonic Youth

Karen's moving out
Out into the sky
Karen trips on a cloud
Sets down w stars in her eyes
She's alone in a room
She's deep inside of her mind
Karen's leaving for the snow
Somewhere to somewhere... blind
She cut the silver lining in my soul
I was tethered to her for a time
Are we still together?
Will she stay forever?
(will she stay? ... beside...
Flashlight... karen stay... etc.)
A love supreme
Karen, yr hanging on the line
Wraps yr coat tight around
Karen, yr eyes are on the prize
I'll catch you on my way down
